

TARGET(S)

- To use your knowledge from this course so far to bring words to life using Adobe PhotoShop.
- Practice skills learned in PhotoShop introduction.
- Peer tutoring when creating graphics.

CONTACT SHEET DUE

DETAILS

Create five different 8 inch by 10 inch graphics that show your adjective in graphic form. You are required to use the word in the graphic with an appropriate font to fill the entire document. Paint tools, filters, and effects, different layers, layer styles, colors, and other features that you have learned are required for this assignment.

Documentation: You MUST type up a word processing document that describes in detail how you created each graphic. This can be one document that describes all five graphics. You should create this document as you create each graphic so that you do not forget a step.

NOTES

Some graphics are very easy while others will be difficult to create. You are expected to put in your best effort on this assignment. Creativity and effort will be strong considerations when evaluating these graphics. Do your best work and challenge yourself.
